

# THE BLAIRMORE ENTERPRISE

VOL. XVII, NO. 49.

THE BLAIRMORE ENTERPRISE,

THURSDAY, DECEMBER 9, 1926.

\$2.00 PER ANNUM

## I. O. D. E.

The regular meeting of Viny Chapter, I.O.D.E., will be held at the Greenhill hotel on Monday evening next at 7.30. All members are urged to attend.

The McGillivray Creek Coal & Coke Company are now operating No. 2 and 3 levels, following a complete inspection of the mine.

## SKATING

The Arena now reports an excellent sheet of ice, which is being thronged with skaters, old and young, every night.

For the benefit of the school children, there will be skating Saturday from 3 to 5 p.m., and, weather permitting, 3.30 to 5 all next week.

The roarin' game is also in full swing, but you can't get a skate on there.

## CHANGE IN MANAGEMENT OF McLAREN LUMBER CO.

Mr. A. Greig, and family arrived here on Monday from Ontario. Mr. Greig succeeds Mr. Harry Burns as local manager of the McLaren Lumber Company, and takes over his new duties this week end.

We understand that Mr. Burns will leave the latter part of the week for Nelson, B.C., thence to other spheres, and will be joined later by Mrs. Burns, who purposes remaining here for the month of December, during which time she will be guest at the Greenhill hotel.

Mr. and Mrs. Burns have been residents of Blairmore for about nine years, and in that time have made hosts of friends who regret sincerely their departure. Both have been most active in the social life of the community and were much endeared by all. In their departure, the best wishes of everyone will go with them in their future movements and undertakings.

## DEATH OF MRS. GEO. RITCHIE

The sudden death of Mrs. George Ritchie, wife of the popular forest ranger of the South Fork district, occurred at Coleman at an early hour on Monday morning, following a stroke of heart failure, at the age of sixty-two.

Mrs. Ritchie had been living with her daughter, Mrs. W. E. G. Hall, with whom she purposed spending the winter months. Mr. Ritchie was spending the winter at the rangers' cottage just west of Beaver Mines. A car was rushed to Beaver Mines for Mr. Ritchie immediately she became ill, but Mrs. Ritchie had lost consciousness and was unable to recognize her husband upon his arrival and passed away a few minutes afterwards.

Besides her husband, one child, Mrs. Ritchie came west from Peterborough, Ontario, about eighteen years ago.

Mr. and Mrs. Ritchie have been long-time residents of the district and were very well and popularly known. Funeral takes place at Coleman tomorrow (Friday) afternoon, service to be conducted at St. Alban's church by the Rev. A. D. Currie.

## COMING TO THE OPERA HOUSE

Strong's Novelty Vaudeville Show, which has been touring the State of Washington recently, will show at the Opera House, Blairmore, on Monday night next.

They have a diversified assortment of tricks and offer the Great Omar, Indian crystal gazer, who solves questions of the future and personal perplexities, assisted by Madam Alla, youngest girl mentalist. Escapo, the straight-jacket artist, will perform in person. The beautiful La Belle dancing twins will be seen in some of the most difficult steps. Jack and Jill in their novelty balancing and juggling act.

Another interesting item in this programme is an interpretation of the original Hula Hula dance, as done by the Hawaiian natives as part of their religious ceremonies.

Professor Wright and his merry troupe, athletes all, will give exhibitions in the art of Jiu Jitsu, while Jack Strong, strong by name and nature, demonstrates his prowess also.

In addition, there are other attractive features offered by this well known troupe, who play here on Monday night.

Local radio fans were highly pleased with the clearness in which the Australian band programmes, broadcasted from Calgary during the week, were received. Every item on the various programmes seemed to be as well enjoyed as though one were in the Calgary hall to hear them.

## F. M. STEEL APPOINTED A.D.C. TO GOVERNOR-GENERAL

Lieutenant-Colonel F. M. Steel, of Calgary, formerly of Pincher Creek, of the civil engineering firm of Woods & Steel, has been appointed aide-de-camp to Lord Willington, governor-general of Canada, according to word received from Ottawa.

Colonel Steel has up to the present been brigade major of the 24th infantry brigade at Calgary. He is well known throughout Southern Alberta, having been a resident of the province for twenty-two years. He served in the South African war and went overseas during the Great War as adjutant of the 24th Battalion from Winnipeg. He was later promoted to the headquarters staff of the Canadian corps in France.

## THE TERRILL FLORAL CO.

Elsewhere in this issue will be found the advertisement of The Terrill Floral Co., Lethbridge.

The Terrill Floral Co. has recently undergone a change in ownership and management, the new owners taking over the entire business of J. E. Terrill & Co., Lethbridge.

Considerable improvements have since been made and several thousand feet of glass have been added to their already extensive plant. An expert designer, in the person of Mr. W. E. Reid, has been engaged and the company has received many expressions of congratulations upon the marked improvements, not only in stock, but on the improved methods of merchandising.

The company states that they now have a wonderful stock of flowers and plants ready for the Christmas trade. Their Pass district agents are: F. M. Thompson Co., Blairmore; Burnett & Cruickshank, Hillcrest; and J. A. Barbour, Bellevue Pharmacy, Bellevue. All orders left with the above will receive prompt attention.

## CARD OF THANKS

Mrs. J. H. Robertson, of Bellevue, desires through The Enterprise to thank the many kind friends who during the prolonged illness of her late husband were untiring in their efforts to render assistance at all times, also those who lent assistance after the spark of life had fled, in various ways, and who by floral tributes and other means expressed sympathy with her in her bereavement.

Following is a list of floral offerings: Heart and spray, Mrs. Robertson and Gerald; wreaths, Teaching Staff of the Bellevue Schools, Alberta Provincial Police, Charles Anderson, Mah Joe, Mah Ming and Chin Yee; sprays, Mrs. Hamilton and Freda, Mr. and Mrs. J. D. McDonald, Mr. Charles Ray, Mr. and Mrs. T. Nanson, Mr. and Mrs. Fred Wolstenholme, Mr. and Mrs. S. J. Lamey, Mr. and Mrs. S. Rosia, Mr. and Mrs. Steve Berry, Mr. and Mrs. Watts Goodwin, Mr. and Mrs. Charles Emmerson, Johnny Bovio, Kerr Brothers, Mr. and Mrs. J. A. Barbour, Johnson & Cousins, Simon McDonald and family, Mr. and Mrs. Harry Orr (Hillcrest), Mr. and Mrs. Alex. M. Morrison (Coleman), Mr. and Mrs. J. E. Gillis (Blairmore), Mr. and Mrs. L. P. Robert (Blairmore), Mr. and Mrs. C. V. Asselstine (Calgary), Mr. W. D. Spence (Deputy Minister of Municipal Affairs, Edmonton), Mr. S. V. Lea and Mr. J. H. Chapman (Edmonton).

Suicides will now become common in Italy, since legislation has been brought about to impose a tax on unmarried marriageable men. It is estimated that 62 1/3 per cent of the bachelors in that country would suicide rather than either marry or pay the tax.

## ST. LUKES, BLAIRMORE

A. D. Currie, Rector.

Services as follows:

December 12—Matins at 11 a.m.

December 19—Evensong at 7 p.m.

December 23—Christmas Tree in the Elks' Hall, from 4.30 to 8 p.m.

December 25—Holy Communion at 9.30 a.m.

December 26—Holy Communion at 11 a.m.

Sunday school will not meet on Sunday, December 26th.

Jack Temple, well-known traveller for a Calgary wholesale house, died of injuries sustained in the train wreck near Tilley. Temple was in The Pass about two weeks ago.

## WHAT DID YOU GIVE LAST CHRISTMAS?

Toys for the kiddies—most of them broken by now. "Something useful" for the grown-ups—now worn out or forgotten. Cash to your employees—appreciated but soon spent. Other presents—hurriedly bought and perhaps ill-chosen. Are they remembered now?

Suppose this year you give them each a Bank Book containing an initial deposit, and urge them to add to it regularly. Could anything be more suitable?

Add "Royal Bank Pass Books" to your list of Christmas Gifts.

WORLD HAPPENINGS  
BRIEFLY TOLD

A typewriting contest held in New York City was won by a Brooklyn girl who typed 2,850 words in half an hour.

Over thirty-five million horses are not enough for the Russians and they are making considerable arrangements with neighboring states for the import of more animals. In Russia are already one-third of the horses of the world.

The Japanese news service, Renzo, learns from a reliable source that Japan hopes to remove the gold embargo, probably next August. Consequently, various species shipments are being made to America.

Diamonds soon will be as common as artificial pearls if the present unrestricted output from alluvial diggings continues. In the opinion of the South African diamond magnates, who are endeavoring to induce the government to limit the alluvial output.

After 27 years in diplomacy during which he was for ten years chargé d'affaires at the Russian embassy in London, M. Sabine is making cigarette boxes for a living in a house in the Kensington district. Along with him are four officers of the old Russian regime, also making boxes.

Dr. John Flak Bilgar, personal physician to John D. Rockefeller, the oil king, died recently at Cleveland, Ohio, at the age of 87. Dr. Bilgar was a native of Oakville, Ont., and a graduate in medicine of Toronto university. His death was attributed to old age.

Another peer has joined the ranks of London's aristocratic newspaper publishers in the person of Lord Reading, former viceroy of India, who became chairman of the group which has taken over the controlling interest in the Daily Chronicle, the biggest Liberal paper in England, from David Lloyd George, who has controlled it since the war.

Archibald John Grace was chosen 1927 Rhodes scholar for Saskatchewan out of seven candidates. He was born in India in 1905, and entered the University of Saskatchewan in 1922. In 1924 he was awarded the university scholarship and he held it for the highest standing in the second year. At graduation in 1925 he was awarded the Copeland scholarship and another gold medal.

## Honey Is a Wholesome Food

Honey is predigested, and is Easily Assimilated.

Honey may be said to be predigested in that the bees have modified the sugar content of the nectar, which is sucrose so that its well-rendered honey sugar content is chiefly levulose and dextrose. In other words, the bees have already accomplished the change which takes place in the digestion of ordinary cane sugar or beet sugar. Honey is therefore immediately available as a source of energy without having to undergo the process of digestion, as is the case with sugar. Honey is not the only food that is ready for assimilation when taken to the stomach. There are a number of preparations which may be said to be predigested food, in the same sense that honey is predigested, which are used for invalids or children when the processes of digestion may not be properly functioning. The fact that honey is ready for assimilation is a good talking point in its favor in some cases; but for those whose digestive apparatus is in good working order it is better to emphasize its other good qualities, especially that it is a delicious and wholesome natural food.

## B. C. Hothouse Tomatoes

The second crop of hothouse tomatoes from Vancouver Island is finding a ready market this year. Already five cars of tomatoes have been shipped to Eastern Canada. Three cars have rolled to Toronto and two to Montreal. All are the product of the Victoria Co-operative Hothouse Growers' Association, who established a record with their large shipments to the east last spring. Cucumber shipments are so far confined to express lots. The price for both cukes and tomatoes is satisfactory.

## More Sea Than Earth

The sea covers three-quarters of the earth's surface but it does not provide proportionately for man's wants. Only about one-third of the world's inhabitants can find their livelihood directly from the sea.

If there is any pig in a man's nature it is sure to crop out when he travels.

Even with century plants, the first 100 years are the hardest.

A pessimist is a man who believes that every chestnut has a worm in it.

## Curbing The Reckless

Canceling Motor License A Sure Way to Deal With Drunken Drivers

During the first eight days of November, 1,200 automobile licenses were revoked and the rights of as many drivers to operate motor cars cancelled in the state of New York. In many cases the cause was driving a car while intoxicated. This method of curbing recklessness and reducing the dangers from auto traffic is not a thing of very recent application across the border. It has the sanction of experience. Fines and imprisonments were found to work satisfactorily when imposed for minor breaches of the law relating to safety; but they were wholly inadequate in cases of intoxication and excessive speed. It was discovered that the only way to deal effectively with the driver who appeared on a public highway in a state of inebriation, or who deliberately disregarded the elementary rules of safety, was to take away his right to drive at all. And that plan has worked well, so well, indeed, that it is high time it were incorporated into our provincial laws relating to the regulation of motor car traffic. When such a law has been passed, and autoists have at the same time formed a league to inform on breakers of the law in all its enactments, we shall have taken a long and promising step toward the protection of life, limb and property on our public highways. It must come to this. Why not now?—Montreal Gazette.

## Africans Cruel To Flyers

Forced to Land in Sahara One Killed and Two Wounded

The first instance of where aerial mail men have been victims of native African savagery is described in a brief report, received here recently from the Madrid authorities, telling of the death of a pilot and a mechanic and the serious wounding of a second pilot, all of whom had been engaged in operating an airplane of the postal service in the heart of the French East Africa between Dakar and Casablanca.

Lost since October 22, fear was felt that these French airmen might have fallen into the hands of the superstitious blacks, who sometimes regard a disabled aeroplane as legitimate prey.

The message from Madrid gave no details, merely recounting the death of Henry, the pilot, and Plutardo, the mechanic, and the wounding of the second pilot, who is now in the hands of the natives. Their machine developed engine trouble, forcing a landing in a wild part of the Sahara Desert in the low-lying country near Agadez in Spanish territory. The Spanish police operating in the western Sahara have taken steps to obtain the liberation of the wounded man.

## Predict New Empire Capital

May be Canadian City Opinion of Officers at Imperial Conference

It is not beyond the realms of possibility that London some day may lose its proud position as the heart of the British Empire to a mighty city in Canada or Australia.

Officials at the recent Imperial conference say the evolution of the British Empire will continue, but they admit they are sometimes bewildered at planning the distant future and contemplating the developments under the new scheme of things that has gradually been growing.

In the view of those far-sighted in habitants of Downing Street, the security of the Crown is a matter of the outstanding results of the Imperial conference. Men closely in touch with those conversations point out that the Dominion Premiers agreed more than a month over the relations of the mother country to the overseas Empire units, but the question of the Crown was never raised for it is accepted as an institution which has kept step with progress and democracy.

## Gift for Research Work

A generous gift of \$50,000 has recently been made by Lord Woolvinton to endow a chair of Animal Breeding in Edinburgh. This gift follows an offer by the Rockefeller International Education Board of \$150,000 for the extension of the Animal Breeding Research Department at Edinburgh on condition that a similar sum was secured in Scotland.

Ann:—"But your fiancé has such a small income, dear. How are you going to live on it?"

Annette (brightly):—"Oh, we're going to economize. We're going to do without such a lot of things that Geoffrey really needs."

The average woman derives a lot of enjoyment from telling other women her troubles.

Any man who works only for pay seldom does his best.

IDEAL Fashion

1447

New and Attractive

This is the type of frock suitable for many occasions. The deep V-shaped front extending almost to the waist is most becoming. The skirt front is gathered to the bodice and the back in one piece, while soft gathers at each shoulder and the tie collar are becoming features of this smart frock. The two-piece sleeves are gathered to narrow wristbands of contrasting material and the same note of contrast is used for vestee, and wide sash having a chic bow in front. No. 1447 is in sizes 38, 40 and 42 inches bust. Size 36 requires 34 yards 39-inch plain material; size 38, 40 and 42 inches bust, 36 yards 39-inch plain material.

Every woman's desire is to achieve that smart different appearance which draws favorable comment from the observing public. The designs illustrated in our new Fashion Book are the latest in the heart of the style centres and will help you to acquire that much desired air of individuality. Price of the book 10 cents the copy.

## True To Tradition

Air Pilot Sticks to Damaged Airplane in Attempt to Save Passenger

The marine tradition that the captain must be the last to leave has been carried into the air by Lieut. D. S. Cornwall, U.S.N., when one wing of his plane became damaged and his ship went out of control. Cornwall observed that his passenger, P. H. Curtis, could not extricate himself for descent by parachute. Curtis, disdaining the use of his own "chute," continued to manipulate his controls in a futile effort to bring the plane safely down. In the crash Cornwall was seriously injured and Curtis killed.

## Canadian Colonization

Is Just as Much a Problem as Immigration

Canada is pre-eminently an agricultural country, and yet the farm does not exert that attraction for Canadian youth that it should. In Europe they are preaching the doctrine of "back to the land." A similar movement would not be amiss in this country. The problem of the people of Canada is just as much a problem of colonization as of immigration, and the finest colonization material is to be found right among our own people if it can be attracted to the farm.

Explains Non-Delivery

Fifteen letters "posted" during recent months in damaged mail boxes which lay awaiting repair in an alley between the Post Office and the City Hall at New Westminster, B.C. were discovered recently, when the boxes were inspected, and forwarded to their destinations.

## Not Absolute Proof

Mrs. Wolfe: "Madam, the bristles of this brush are set in ivory, and when bristles are set in ivory, you know, they can't fall out."

Mrs. Wolfe: "Oh, I don't know. My husband is bald."

## Joins Wheat Pool Staff

W. A. MacLeod Appointed Director of Publications for the International Wheat Pool

W. A. MacLeod, Commissioner of Publications for the Saskatchewan Government, is resigning his position so to join the staff of the International Wheat Pool. He is the first of the year, it is announced by A. J. McPhail, President of the Saskatchewan Wheat Pool and chairman of the International pool committee.

Mr. MacLeod, ex-tempestier and former newspaperman, has been in the employ of the government since 1919, when he was appointed Editor of Publications. When the Bureau of Publications was created, some three years later, he was made its first commissioner. In this capacity he has been in charge of the open shelf, travelling libraries and motion picture branch and has had supervision of all government publicity.

Mr. MacLeod came to Saskatchewan in 1906, and after homesteading in the Kerrobert district for three years, joined the staff of the Saskatoon Phoenix. He was at different times editor of the Weekly Phoenix, circulation manager, advertising manager, city editor and associated with the paper with W. P. Hergan, later on proprietor of The Saskatoon Star and now proprietor of The Border Cities Star, and G. P. Armstrong, now of Vancouver, he started The Saturday Press, and with T. M. Fraser, now deputy clerk in the House of Commons, was associate editor for several years of The Saturday Press and Prairie Farm at Saskatoon.

Mr. MacLeod is an honorary member of the Saskatchewan Weekly Newspaper Association.

## Big Fur Farms

Barren Islands Off Northern British Columbia Coast to Be Used for Fur Farming

Barren islands off the Northern British Columbia coast are being converted into wealth producers as the breeding grounds of foxes. Within the past few months several fur farms have been established at various points along the coast with animals brought from fur farms in Alaska, and those promoting the various enterprises believe that this territory will soon be able to compete on even terms with any other fur-producing district. Climate and other conditions are said to be well suited for the early production of prime fur on these islands.

Five pair of blue fox, the first stock for the new farm established on the Kinshasa islands by Captain Alfred Swanson have been turned loose during the past few days and another batch of five pair will arrive from Alaska shortly. The Kinshasa Islands farm is typical of a group of small fur farms that have recently been established and whose aggregate output is expected to be an important item soon in the province's commercial revenue.

## More Wheat To China

Increased Demand for Canadian Wheat From Shanghai

An increased demand for Canadian wheat for the flour mills of Shanghai, China, is reported by C. O. Julian, special representative of the Vancouver Harbor Board, who has been on a "one month" trade mission to the Orient. He is of the opinion that Canada has a wonderful opportunity to develop her trade with the Far East at this time. Millers at Shanghai and generally throughout the East know the qualities of Canadian hard wheat and are making every effort to import larger quantities of it than ever. They mix it with the poorer grades of wheat that pass through their hands, to keep up the standard of the whole.

## New Article For Sale

A new article has been placed on the market at Datava, N.Y.—second hand monuments. Judah H. Blanchard, monument dealer, has advertised a monument for sale at auction, having sold it for non-payment. A judgment was rendered against the purchaser in supreme court. A legal notice of the sale states that he alone will have to be recut as it had already been marked and set up.

## Odd Testing Machines

Among the many testing machines in use to aid American industry are those to test the power of adhesive tape, the deformation of golf balls under driving stress, the muscular strength of frogs' legs, the strength of basket handles and the tractive efforts of elephants.

The modern installment plan is that which enables a man to maintain a car on a satisfactory basis in the style to which she wishes to become accustomed.

"Yes, I was educated at Eton and Oxford."

"Then, isn't it possible to sue them?"

## Wins Both Wheat

And Oat Championships

Herman Treile, of Wembley, Alta., is First in Both

Canada walked away with the world's championship for best oats at the International Livestock Exposition and Hay and Grain Show at Chicago, Herman Treile, Wembley, Alta., following up the victory in wheat by duplicating the performance in oats with a sample weighing 49 pounds to the bushel.

Treile has established a record by being the first man to win the wheat and oats sweepstakes in the same year.

The International Wheat Producing Championship went to Canada for the fourteenth time in the last sixteen years.

Mr. Treile was crowned "Wheat King" at the International Livestock Show. He exhibited spring wheat.

An interesting sidelight of the wheat sweepstakes is that Montana was so confident of holding the championship trophy won in 1925 that it was left at home in Montana.

Saskatchewan exhibitors, who have won the wheat sweepstakes 11 years out of 16, were among the first to congratulate Mr. Treile on bringing the championship back to Canada.

The first class in which Canada participated was Durum wheat. Seeger Wheeler, the "Grand Old Man" of Rotherham, Sask., won tenth prize, E. P. Towell, of Saulteaux, Sask., was on his heels, J. Campbell of Warraton, Man.; James Carr, of the same town; H. Tucker, of Manitow, Man., and William Darnborough, Laura, Sask., followed in order.

Seven prizes were won by Saskatchewan exhibitors in oats, four by Alberta and two by Manitoba, Canadians capturing 13 out of 25 awards. William Darnborough, Laura, won sixth prize, Montanans capturing the intervening four prizes. George Avery, Kelso, took seventh place. Other Saskatchewan winners were: R. P. Robbins, Shaunavon, 10th; E. Thompson, Patholow, 14th; George E. Towell, Saulteaux, 15th; George Edwards, North Battleford, 20th, and G. H. Barrett, Fluke, 25th.

Manitoba winners were: H. Tucker, Manitow, eighth, and Samuel Larcom, Birle, 17th, while Alberta's quartet included Richard Harrison, Chinook, 1st; A. Longhead, Horden, 18th, and E. B. Tudor, Strathmore, 19th.

Dr. Seeger Wheeler, Rotherham, won fourth prize for hard red winter wheat, being the sole Canadian winner in the 30 prize.

## King Sends First Message

New Pacific Cable Has Been Opened for Business

The first message over the new Pacific cable between Canada and New Zealand and Australia was one from the King to the people of the three countries. It reads:

"I have learnt with much interest that the new cable across the Pacific is open. I welcome this addition to the facilities of rapid communication which are so essential, not only for the advancement of the material prosperity of my peoples, but also for the promotion of mutual good understanding between them."

## To Detect Criminals

Moving Picture Camera is Also a Burglar Alarm

"And here are the moving pictures which show that these defendants are the criminals who robbed the safe." This may become the strong point of state prosecutors if the invention of John P. Seibold, of La Salle, Ill., an invisible camera controlled by radio, is practicable. The camera also would be a burglar alarm. In another month Seibold hopes to have the invention ready for a test.

## An Interesting Exhibit

The naval section of the Imperial War Museum in London, was opened recently. One of the most interesting things to be seen is the 4in. gun of the Lance, which fired the first shot during the raid on Heligoland Light on August 28, 1914. One wall of the gallery is inscribed with the names of every ship which flew the white ensign during the war.

## A Negro's Philosophy

The curious one asked a negro who was whitewashing a fence, "Sam, why don't you get a brush with more bristles in it?"

"Wha' foh?" replied the old man.

"Why, if you had a good brush you could do twice as much work."

"Tasah, but Ah ain't got twice as much wuk to do."

An average-size tree with spread of fifty feet of foliage under normal conditions throws off five barrels of water a day in the form of vapor. This is attracted to the clouds and returns to the earth as rain.

## SUNDAY SCHOOL LESSON

DECEMBER 11

THE BOY SAMUEL

Golden Text: Speak, Jehovah; for thy servant heareth.—I. Samuel 3:9. Lesson: I. Samuel, chapters 1-13. Devotional Reading: Psalm 119: 1-14.

Explanations and Comments

1. Samuel's Call, verses 1-19.—The story is translated "child" in the text is applied in the Bible to an infant and also to a man of forty. Jonathan says Samuel had just completed his twelfth year when the Lord came to him. If so, then when he dedicated him, it was in the service of the temple, and seems to have been the special attendant of the aged man whose eyes had begun to grow dim.

The continuous growth of character, from a child serving God, to old age walking in the same path, is the pattern of child religion and Samuel teaches us. "The child is father of the man," and all his long days are "bound close to each other by the thread of the Lord's love." Samuel helps the memory of it into any life of holiness, but traces a self to the Lord, and at the best, years have been squandered which do not return. Samuel is the pattern of child religion and service. How beautifully his double obedience is expressed in the simple words, "but traces a self to the Lord," and it was "before I," that is to say, he learned his work from the Lord. The child's religion is largely obedience to human guides, and he serves God by doing what his parents and teachers say. It is a lesson needed by our day by both parents and children.—(Dr. Alexander MacLaren.)

## War Chest For League

Would Provide Financial Aid to Country Considered in the Right

A league of nations war chest to prevent wars will be one of the first proposals studied when the league council's disarmament commission opens its sessions. This proposal, originated with the Finnish delegation, looks to protection of any nation which may be attacked unprovoked. It would give the league a power to rush financial aid to the country it decided was right in any future controversy.

With it will come up proposals planned to facilitate action by the league committee in the event that body is called upon to check threatened warfare, which might spread to other countries.

Belief that the league's general disarmament conference can be convoked as set forth by Viscount Cecil of Chelwood, Britain's representative at the forthcoming conference, who is here preparing for the meeting.

Both the foreign secretary, and my desire to see the meeting at the earliest possible date," said Viscount Cecil, "but we are convinced that if it is held before adequate preparation is made it might fail. England is strongly in favor of disarmament and the English people demand it."

## Five Rules For Happiness

Simple Things That Will Make Life Easier

Five simple rules, for happiness were given recently in an address in Montreal by Dr. Charles Barker, former physician to ex-President Taft. They were as follows:

- (1) "Cultivate the habit of always looking on the bright side of things."
- (2) "Accept cheerfully the place life has allotted to you, believing that while you are in that place it is the best place on earth for you."
- (3) "Throw your whole soul into your work. Do it as well as you are capable."
- (4) "Form the habit of always doing courteous things. The more happiness you give the more you get."
- (5) "Adopt and maintain from day to day a simple childlike confidence in God as your Father."

Disatisfied Customer: "I see you have a sign in your store. We aim to please."

Shop Assistant: "Certainly, that is our motto."

"Well, you ought to take a little time off for target practice."

"That humans can hear with their skins, and possibly see, is the contention of a university professor whose work with dead mummies shows these lines is amazing those who have witnessed the tests."

One of the most beautiful chairs in the world is the Chair of Desobedience. It was given recently to a boy named John, who died in the year 635. It is of cast and chiseled bronze, of very fine workmanship.

First-class saddle ponies were recently sold at Helena, Montana, for twenty-five cents each. The boys who did not want them sent to the slaughterhouse.

After a man has been married a year he can't see any reason why his wife should want a new hat.

#### MAIL ORDER BUYING

This seems to be the perennial question in Cardston. Once more it is forced upon our attention by the numerous parcels arriving daily at our post office. The other day while in the post office, I saw a farmer friend of mine sending off a nice fat order to Eaton's and I looked so hard at the bank roll he exhibited that he remarked: "You seem to think I am the only offender. I have seen your editorials and your advertisements in The News stating that we all should

buy at home. But I have a notion that if I asked Mr. Bartlett—here some confidential questions too information I would receive would startle you."

He went on to say that the mail order business was not confined to the farmers who sometimes failed to buy at home. He told me that he had once seen a dry goods man send to a mail order house for a shot gun and he had heard that a certain hardware man's wife had sent East for a "fall coat"; and that the suit now being worn by a certain other business man was ordered from a Vancouver firm. He knew for a fact, he said, that the floor coverings on the store floors in Cardston were not all bought from the local dealer, and that, for the trifling extra cost, the druggist refused to buy from the hardware man, and the rest of the merchants seldom thought it wise to patronize Mr. Gordon, Cardston's jeweler, when they wanted silverware or a wedding ring for their daughters.

I began to have more respect for our honest farmer's opinion. This question became highly interesting. I asked for more, and he gave it.

"There is some excuse to be made for us farmers when we honestly feel that we are buying on the cheapest market. But how can you justify the townsman, particularly the merchant, the supposedly shrewd business man, who knows that his very existence depends on the success and prosperity of the community, when he deliberately orders his requirements in other lines than those he carries from the mail order houses. You take your own business, Mr. Editor. Does every merchant give you his printing? Well, I have seen the S. B. Deane representative from Toronto, and the Lovell Co's man, and the Willson Stationery man, and others come into Cardston and carry out enough job printing in one day to keep your whole office staff busy for a month. What are you shouting about, anyhow? You need to wake up, and see who really are the guilty mail order customers of Cardston, instead of looking red-eyed at my bank roll that is now going off to T. Eaton's. It's all right for you to preach 'buy at home.' It sounds fine, but how about the practice of many 'close-buying' Cardstonians who send away themselves or allow their family members to send away to the mail order house, when they roundly condemn the same methods when employed by their customers."

The argument came home to me, for I realized how true it must be as applied to The News job department, when a certain Calgary paper salesman told me that at least \$8000 of business went out of Cardston last year to one job printing outfit alone. I left the post office a "sadder and a wiser man."—Cardston News.

#### MILLAR'S STRANGE WILL IS CONFIRMED

TORONTO, Dec. 6.—Reports of strange bequests, such as legacies of brewery stocks to Protestant ministers, and of the residue of the estate to the mother of the largest number of children born in Toronto in the nine years after his death, were confirmed by the publication today of the text of the remarkable will of the late Charles V. Millar, horseman and lawyer. The will disposes of an estate conservatively estimated at a million and a half dollars.

To W. E. Ramey, former attorney-general; A. M. Orpen, race-track owner, and Rev. S. D. Chown, former superintendent of the Methodist church in Canada, are bequeathed each one share in the Ontario Jockey Club, provided they become enrolled as shareholders within three years of Mr. Millar's death.

"To each duly ordained minister of a Christian church (except one Spracklin, who shot a hotelkeeper) resident at my death in the towns of Walkerville and Sandwich and in the city of Windsor, and earning an annual salary expounding the scripture to the sinners there, I give one share in the Kenilworth Jockey Club," is one paragraph.

To each Protestant minister resident in Toronto exercising his clerical functions, and to each Orange lodge in Toronto, a share in the O'Keefe's Brewery Company is bequeathed. The strange clause is that directing that all the residue be invested and at the expiration of nine years from Mr. Millar's death it be converted into money and at the end of ten years it be given to the mother who since his death, has given birth in Toronto to the greatest number of children.

Friends and professional colleagues of the deceased receive varying bequests.

TORONTO, Dec. 8.—Sir Henry Pellett, one of the largest shareholders in the O'Keefe's Brewery Company, states that the late Charles V. Millar did not own more than four or five shares of the stock in the company, although Mr. Millar in his will, published Monday, makes bequests of a share of stock to each Protestant minister and Orange lodge in Toronto. "I cannot see how he can make such a bequest," Sir Henry said.

The general attitude of Toronto

clergymen is that they will wait until the will is probated, and they are actually offered the stock, before deciding whether or not to accept it.

It is believed that at least three of the clauses in the remarkable will will be challenged, either by the executors or the relatives of the deceased lawyer, and will be made the subject of a decision by the courts.

Crabrook citizens, by a majority of 167, have voted in favor of beer parlors.

Our regular instalment of "The Pass Fifteen Years Ago" is crowded out of this issue.

Reserve Monday night, December 12th, for the vaudeville show at the Blairmore opera house.

All-white weddings are becoming fashionable, but the black and blue marks will also follow.

Mr. W. I. Houston left hospital last week end and is now resident for a while at the Greenhill hotel.

Don't fail to see the high-grade vaudeville show at the opera house on Monday night next. Press reports speak highly of these entertainers.

Examination of moving-picture operators was conducted by Nath. Marshall, provincial boiler inspector, at the Cosmopolitan hotel yesterday, when five candidates sat for examination.

A whist drive and dance will be staged in the Lodge Hall tonight under the auspices of the Blairmore First Aid Association, at which a draw for prizes will take place. Whist at 8 sharp.

A Calgary bride had but recently returned from her honeymoon and her mother was paying her first call on her since the wedding. "Well, daughter," she said, "is George good to you?" "Just darling, mother," replied the young wife. "Only yesterday he showed me how to open a can of condensed milk with a nail and a hammer."

All records were broken at The Enterprise last week, when we handled upwards of one hundred orders for Greeting Cards. Orders are also pouring in for greeting spaces in our Special Christmas Number, which will appear on Monday, December 20th. This annual will through the medium of greetings represent the liveliest business concerns in The Crows' Nest Pass. See that you are in line with the crowd.

Rev. Father Q. J. Killen, assistant to the late Dean Fitzpatrick at Medicine Hat, is looking after the services at St. Anne's church here in the absence of Father Harrington, who was called east last week, owing to the death of his brother at Killaloe, Ontario. Father Killen was a university mate of Father Harrington's. Both were ordained at the same time and came to the Great West together.

All aboard for the big event of the season—and you will sure find it in the Lodge Hall on Wednesday night, December 15th, it being the Christmas whist drive put on by the Greenhill Temple, Pythian Sisters, commencing at 8 p.m. sharp. Everyone buying a 50-cent ticket for the whist drive and social gets a chance to win the door prize—a Christmas turkey. So come along and try your luck. Six good prizes as usual and good music.

Attorney-General Lyburn suggests—without recommending—that Alberta towns and villages make arrangements with the government to have their police duties performed by members of the provincial force. It is not the first time the suggestion has been made, and some advantages readily occur to recommend the plan. It would do away with overlapping, conflict of jurisdiction, and the friction which develops between provincial and local officers and largely destroys the usefulness of both of them.—Calgary Albertan.

## Local and General Items

Some women think the only way to keep a husband is in hot water.

A branch of the Sons of England Benefit Society has been organized at Jasper.

A miner named William F. Wilkinson sustained a broken back in a mine near Bassano.

Mr. N. J. Spedding, income tax inspector, was up from Lethbridge Monday afternoon.

Automobiles have finally become standardized into three classes—in use, used and junked.

Judge A. M. MacDonald has been elected president of the Macleod curlers, with J. Marks as secretary.

Mrs. Martha Kirkham, mother of Mr. J. S. Kirkham, died at Lethbridge on November the 30th, at the age of sixty-eight years.

The Bellevue Bakery are this year giving away Bread Boards for returned bread wrappers. Save your wrappers.

The Alberta Gas and Fuel Company, Limited, has been incorporated, with head office in Lethbridge and a capitalization of one million dollars.

The Bellevue Bakery are this year giving away Bread Boards for returned bread wrappers. Save your wrappers.

Col. A. G. Peuchen, of Toronto, was in town during the week in connection with the change of management of his local interests.

Wanted to borrow, a pair of balloon pants that will fit our swelled knee. We'll promise not the wipe up the floor with them.

G. G. Coote, M.P., left Nanton Friday last for Ottawa, for the opening of the fall session of parliament. Parliament opens today.

Professor Middleton, of British Columbia, has been appointed as provincial horticulturist for the province of Nova Scotia.

Strange to say, but scarcely a pro hockey team in Western Canada or the States but has a player who received his initiation with some senior Alberta team. The Crows' Nest Pass has furnished more material for pros than any other part of Western Canada in recent years.

Mr. and Mrs. N. A. Bradley left here during the week by motor for Washington, where Mr. Bradley will attend university for a while. Before leaving they visited Mr. Bradley's parents at Lethbridge.

When polling day arrived in Ontario last week, many inhabitants of that province found themselves too dry to vote. 'Twill take about four years of "lubrication" to bring them back to their senses.

Robert J. C. Stead, formerly of Calgary, but now a resident of Ottawa, has, through McClelland & Stewart, published another new book, "Grain," a romance of the prairies, which it is claimed, surpasses his earlier efforts and fully establishes Stead in the front rank of Canadian authors.

The Coleman relief fund has now reached around \$4500.

Alexander Nettleton Warriner, of Hillcrest, has been appointed a notary public.

The next generation won't know whether "57" varieties refers to pickles or taxes.

A college education never hurt anyone who was willing to learn something afterward.

FOR SALE—A Good Six-Hole Cookstove with reservoir attached. Apply to The Enterprise.

Fred Green returned last week end from Claresholm, where he had been engaged with threatening outfits for a few weeks.

Miss Tilney is closing her millinery business at Lethbridge and will leave for Vancouver at the beginning of the year.

The Bellevue Bakery are this year giving away Bread Boards for returned bread wrappers. Save your wrappers.

Action has been taken against no less than sixty restaurants in Calgary for failing to take out provincial licenses for the year 1926.

At the regular meeting of Greenhill Temple No. 10, Pythian Sisters, on Friday night last, Mrs. Robert Gray was unanimously elected M.E.C.

The Bellevue "Bulldogs," under the command of Capt. Barbour, had their first practice on Monday night and are shaping up exceptionally well. "Doc" has lots of good material to draw from in Bellevue and Bellevue will be heard from to advantage this season.

Governor Brandon, of Alabama, and eight companions were arrested in a raid on a hunting camp which netted thirteen quarts of whiskey. The governor said he was in the camp as a guest. The defendants will answer charges of violating the prohibition law.

Mr. and Mrs. J. H. Hewitt, of the North Fork, went on Tuesday to Lethbridge, where Mrs. Hewitt will have special medical care by Dr. Connor—Pincher Creek Echo. Mr. and Mrs. Hewitt are the parents of Mrs. H. A. Garrison, formerly of Blairmore, but now residing at Dover, Idaho.

A turkey dinner was served by the Pythian Sisters, following their regular meeting on Friday night last. Twelve hands of whist, community songs, solos and dancing constituted the evening's programme, which was most enjoyable. About thirty sisters and their husbands or gentlemen friends were present.

Premier Mackenzie King arrived at Ottawa from England on Wednesday at 4:20 p.m. It is a coincidence that a very particular friend of Mr. King's in the person of James Coult, popular commercial traveller, arrived at the Cosmopolitan hotel, Blairmore, at the same hour and in like good condition.

Rev. Dr. C. H. Huestis has been appointed general secretary of the Lord's Day Alliance, to succeed Rev. Dr. W. M. Rochester, who has retired to take up the editorship of the Presbyterian Record. Dr. Huestis will assume his new duties at Toronto at the beginning of the new year.

E. L. Richardson, of Calgary, has been elected president of the International Association of Fairs and Expositions at the conclusion of the 36th annual convention held at Chicago on December 1st. Mr. Richardson is general manager of the Calgary exhibition.

The Bellevue Bakery are this year giving away Bread Boards for returned bread wrappers. Save your wrappers.

A two-room shack for rent. Apply to The Enterprise.

The Elks at Hanna are this season handling the skating rink.

Claresholm Elks will likely take over the senior hockey team in that town.

You will not be disappointed if you see the 'novelty vaudeville show' at the opera house on Monday night next.

The Bellevue Bakery are this year giving away Bread Boards for returned bread wrappers. Save your wrappers.

Very comfortable, well located, five-room house to rent or for sale. Commensurate outbuildings. See us. F. M. THOMPSON CO.

The case against John Evans Smith, charged with bigamy, will be heard before the criminal assizes at Fernie tomorrow.

Deer are reported exceptionally scarce in the Beaver Creek country since the visit there last week of Messrs. Bartlett and Morency.

In our haste to catch up with a Scotchman who had money to give away, we slipped on the icy sidewalk near the Cosmopolitan hotel on Saturday afternoon last and sprained a knee. The Scotchman is reported as still having the money.

## COWLEY HAPPENINGS

Eddie Baines was a visitor to Lethbridge the latter part of the week.

Mrs. P. McEwen spent the week end visiting with her daughter, Doris, who is attending business college at Calgary.

A whist drive will be held here on Wednesday night, the proceeds to go towards the Christmas Tree fund, to buy presents for the children.

Mr. and Mrs. M. A. Murphy attended the ball held by the members of the Order of Knights of Templars at Lethbridge on Wednesday night.

After spending a few days in Calgary, Mrs. Lionel V. M. Peel has returned, accompanied by her husband, who has had the misfortune of fracturing his ankle by an engine falling on it.

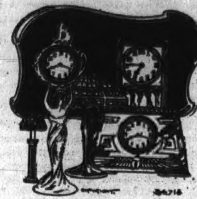

The regular monthly meeting of the Women's Institute was held at the home of Mrs. Powell on Monday night and was well attended. The next meeting will be held at the home of Mrs. Griffith on the fourth Thursday in January, 1927, when new officers will be elected.

The whist drive and dance held together with a miscellaneous sale, under the auspices of the Women's Institute, in the Masonic hall on Friday night last, proved to be a huge success. The articles for the sale, which were all donated, were many and varied. The evening passed off pleasantly, with the selling of articles, chatting and card playing. The lucky prize winners at whist were: Ladies' first, Mrs. George Porter; second, Mrs. Doyle; consolation, Mr. A. Swart. Gents' first, Mr. Phillips, of Lethbridge; second, James Gerry; consolation, Jimmy Jones. After the prizes were awarded, dancing was indulged in for a time. Proceeds amounted to forty-four dollars.

The bazaar held in the Masonic hall under the auspices of the Ladies' Aid on Saturday afternoon proved a success. Following prayer by Rev. Griffith, the bazaar was opened by Mrs. Griffith with a short but fitting address, when she was presented with a hand-painted scarf by the Aid. Although the bazaar was well attended and liberal purchasing was done, several articles were still unsold at closing time. One outstanding feature that was pleasing to the eye was the neatly arranged tea tables, which were waited upon by young ladies dressed in uniforms of white and mauve. Another item of interest was a fully-laden Christmas Tree, with a real Santa Claus, where the youngsters were attracted to receive a present each.

### The Sales Tax

Spokesmen for the various organizations throughout the country which are advocating reductions in Federal taxation, including abolition of the Income Tax, are stressing, not so much the need of reducing the burden borne by the individual taxpayer, but the necessity of encouraging investment in productive enterprises and in national works of development. They must pay more than the Income Tax penalties entailed, drives people out of the country because of the levies imposed on them, and discourages investment in industrial and development works, leading people rather to invest in non-speculative bonds and securities.

If this is the chief end to be achieved through a further reduction in taxation, and if the all-important consideration is the stimulation of business and consequent greater employment of labor throughout Canada, then the Income Tax is not the only one which should be carefully examined to ascertain its effect on business and economic conditions. The Sales Tax, which imposes a five per cent Government levy on business should be inquired into as well.

The Income Tax is one which the wage earner, the man on a salary, the farmer, the manufacturer, the financial man, and those who are living on the interest from investments, cannot pass on to anyone else. They must pay to the Government on their personal incomes, and pay proportionately large or small amounts dependent upon the size of their income. In this respect it must be admitted that a properly graded tax on incomes is a fair method of taxation.

The Sales Tax, on the other hand, is, in the final analysis, paid by the ultimate consumer, and the manufacturer, the financial magnate, the investor in bonds, mortgages and other securities, only pays to the extent that he is a consumer, and despite great wealth and large income it is only possible for a man to eat so much, wear so many clothes, just as the average wage earner or man on a salary. True, his clothing and food and furniture may cost more, but the extent of his purchases are more or less regulated by his needs.

The manufacturer of a given article fixes his selling price. To that he adds five per cent Sales Tax which he is obliged to remit to the Government. But he collects this tax money back again from the jobber, wholesaler, the merchant to whom he sells his product. The manufacturer does not pay the Sales Tax himself. In like manner the jobber, wholesaler and merchant passes it on to the ultimate consumer, all as part of the cost of the article. The consumer, therefore, pays the tax to the Government, the others being middlemen in the process of collection.

This Sales Tax, therefore, operates directly to enhance prices in Canada and, consequently, to decrease the purchasing power of the whole people. It likewise imposes additional expense upon all business concerns in the matter of bookkeeping, collection, remittance, and interest paid on outstanding monies.

It is a self-evident proposition that the removal of the Sales Tax would result in saving to every person in the Dominion, because all are consumers, whereas the removal of certain income taxes would result in a comparatively small proportion of the population, and that portion which is best able to pay.

The removal of the Sales Tax, and the consequent lowering of prices which would automatically follow, would increase the purchasing power of people, leading to larger sales, and necessarily increased production and more employment.

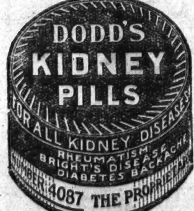

In a word, the effect of the removal of the Sales Tax would be just what the advocates of income tax abolition desire, namely, no added tax money to business, to production, to employment which would keep people in Canada, and to the whole all-round development of the Dominion, including the bringing of its wealth of natural resources into use through development.

On the other hand, if the Income Tax is abolished, and the Sales Tax retained, it will result in lowering the taxation imposed on accumulated and increased wealth without in the slightest degree lessening over a period of years. But, if the tax to be abolished outright and the other retained, the removal of the Sales Tax would appear to confer the greater benefit, not only on business enterprise and works of development, but on the people of Canada as a whole.

### Victory Tower At Ottawa

Carillon to be rung for First Time on Canada's Sixtieth Birthday  
The Victory Tower Carillon of 35 bells, to be installed in the parliament buildings at Ottawa, will be rung for the first time on Canada's 60th birthday, next Dominion day. It is hoped to make arrangements for King George to personally inaugurate the Carillon in London. It is further proposed to make such broadcasting arrangements as will enable the carillon to be heard throughout the Empire.

A slab of marble under great pressure, will bend like stiff bar or wax.

### Encouragement For Writers

Toronto Club Decides to Make Canadian Literature Their Hobby  
Encouraging to Canadian writers will be the decision of the literature section of Toronto University Women's Press Club. The members at a recent meeting decided to make Canadian literature their hobby and to get into personal touch with Canadian writers whenever possible, and to further the cause of Canadian literature by reading and advertising. A committee was asked to devise methods by which the section could co-operate with other bodies in advertising Canadian works.

Who mothers who know the virtues of Mother Graves' Worm Exterminator always have it at hand, because it proves its value.

Duchess Learns Photography  
In preparation for her trip to Australia, the Duchess of York is taking special lessons in photography so she may bring back some personal souvenirs of her visit. Both the Duke and the Duchess are keen amateur photographers. The Duke and Duchess will sail January 8.

The atom used to be considered the smallest thing in existence, but it has now been found to consist of smaller particles, protons and electrons.

### The Strength Of Radium

Free Alive With Emanations After Repeated Washings With Small Quantity Was Killed

Once in a laboratory a tiny tube containing less than two thousandths of an ounce of radium was accidentally dropped on a hardwood floor and broken. With a camel's hair brush they swept up the radium. Then they washed the floor with ordinary water, and still another, with soda water, and a fourth time, with hydrant water. Each washing yielded about \$100 worth of radium, and still the floor was alive with radium emanations, and no accurate scientific measurements could be made in that room. Finally a carpenter came and scraped the floor. Three years later the shavings were burned, and the ashes were found to be strong in radium emanations.

### Cuticura Baths Best For Children

Teach your children to use Cuticura Soap because it is best for their tender skin. ### THE TONIC THAT GIVES STRENGTH

After Acute Diseases the Blood Must Be Built Up Before Recovery is Complete

Fever and other acute diseases leave the patient weak, with thin blood and weak nerves. The period of convalescence is often long and trying, and years of poor health have frequently followed so brief an illness as that of influenza or pneumonia. Much of this sort of illness could be avoided by taking steps to build up the blood so that it can carry to the nerves and other parts of the body the elements they need to restore their normal functional activity. To build up the blood, Dr. Williams' Pink Pills. From first to last it is their mission to improve the blood and thus restore good health and vigor.

The value of these pills in conditions described above is shown by the statement of Mrs. Rebecca O'Brien, Pembroke, Ont., who says: "In November 1923 I was stricken with pneumonia, and at the time but little hope was held out for my recovery. However, with the best of care I was able to walk about after some months. But I did not recover my strength. My appetite was poor, I grew nervous and restless. I was deeply pale and practically gave up hope of ever being strong again. However, remembering that in my childhood I had taken Dr. Williams' Pink Pills with decided success, I decided to try them again. By the time I had used two boxes there was no doubt the pills were helping me. Continuing their use I was soon able to attend to my household duties. I continued taking the pills, however, until I had used twelve boxes, by which time I felt much better health than at any time in the previous ten years. In gratitude for what the pills had done for me, I give this statement in the hope that it may point the way to health to some other weak, despondent woman. You can get these pills from any medicine dealer or by mail at 50c. a box from 'Dr. Williams' Medicine Co., Brockville, Ont.'

The Jordan Valley, more than a thousand feet below sea level, is one of the lowest spots on the earth's surface. The fish and vegetation there are characteristic not of Asia but of Africa.

### SO SHORT OF BREATH SHE COULD HARDLY DO HER HOUSEWORK

Mrs. Nelson Moore, Milford, Ont., writes: "I had heart and nerve trouble, and because so short of breath I could hardly do my housework, and was so nervous every little sound I heard felt like a shock to me."

A friend of mine recommended

so highly I got a box of them and they did me so much good I got the second box, and now I am feeling like a different woman."

Heart and Nerve Pills are 50c. a box at all druggists or dealers, or mailed direct on receipt of price by The Dr. Milburn Co., Limited, Toronto, Ont.

Beware of people who put you on the back. They may be looking for an opportunity to kick your feet from under you.

### Rheumatism.

Manage with Minard's. It relieves the stiffness, eases the pain.

### Russian Cossacks As Settlers

Many Are Ready to Come to Canada If Way is Open

Joseph Okulitch, advance agent of 50,000 former Cossacks, who desire to settle on the prairies of the Canadian West, has been in conference in Winnipeg with officials of the railway companies, and land settlement agencies to ascertain the feasibility of bringing over his charges at an early date.

Fifty per cent of the Cossacks, Mr. Okulitch says, have sufficient funds and equipment to undertake active farming immediately. The remainder are farm laborers. Mr. Okulitch, who was born in Siberia, was assistant minister of food supplies in the Imperial Government.

There are 1,500 Cossacks ready to come to Canada next March, provided existing difficulties against their entry into the Dominion, are removed in time. Mr. Okulitch presented a request to the authorities in Ottawa for assistance in settling 480 families under the auspices of the Russian Agricultural Colonies Society, who are not of Cossack origin. All these people, it was pointed out, are anti-Bolsheviks.

Mr. Okulitch will inspect land throughout the prairie provinces and decide upon the location for the first group.

### Will Be Translated

Tourists Soon Able to Read Message on Cleopatra's Needle

Cleopatra's Needle on the Thames embankment will soon give to the world in English the message engraved on its four sides 3300 years ago. Policemen, who have been engaged for years by curious tourists who wanted to know what it was all about have been instrumental in a movement to have the hieroglyphics translated so they may be read by all.

Asthma Overcome. The triumph over asthma has assuredly come. Dr. J. D. Kellogg's Asthma Remedy has proved the most positive blessing the victim of asthmatic attacks has ever known. Letters received from thousands, who have been plagued for years by curious tourists who wanted to know what it was all about have been instrumental in a movement to have the hieroglyphics translated so they may be read by all.

### Claims New Method Of Making Steel

Germany Has Produced Metal Without Impurities and Defects

Discovery is claimed of a new steel-making process which yields a harder and at the same time more elastic metal than any made by existing methods.

The discovery, made in the laboratories of the German Trust, is said to have resulted in the production of steel of the finest quality with none of the impurities and defects now unavoidable in the smelting process.

It is said the steel thus produced is cheaper to manufacture, and it is hoped that the new invention will place the German industry in a dominant position in the international market.

### Have To Economize

The spirit of economy is hitting the Imperial Princes of Japan. Recently all of the Princes of the blood were placed on an allowance budget and now the authorities have decreed that in the future residences of members of the Imperial Family shall not occupy more than 30,000 square feet of land.

Among the fisherfolk of Britain, maiden, wives and widows each have their own distinctive colors for their shawls.

The easiest road to wealth is to have rich relative die and leave you a fortune.

There is no man so friendless as the one who has lost his political pull.

### Newspaper Directory

A Valuable Book for the Sales of Advertising Manager

It is worth while for any sales manager who controls advertising to have a record of all publications in Canada with information as to date of issue, size, price and cost of advertising space. This information is contained, as well as much other statistical matter, in the 11th edition of the Desbarats All Canada Newspaper Directory just off the press. It is certainly a useful for any Sales or Advertising Manager.

The Publishers: The Desbarats Advertising Agency, Montreal and Toronto, are offering a limited number of this 252 page book to advertisers, post paid on receipt of \$1.00. The regular price is \$5.00. Requests should be addressed on business stationery to the publishers, 161 Beaver Hill Hill, Montreal.

### Was World-Famous

Inventor of Firearms

John M. Browning Dies While Working on New Shotgun

John M. Browning, world famous inventor of firearms, died in Belgium. Browning went to Liege, Belgium, to perfect his latest invention, an "over and under" double-barrelled shotgun and the message telling of his death came from Liege. The new gun was on barrel above the other instead of horizontal barrels. It was to be manufactured in the Liege plant.

It was this plant which in 1913 manufactured the millions Browning automatic pistol. In honor of this achievement King Albert conferred upon Browning the title of Chevalier of the Order of Leopold.

### Sour Stomach Risings Subdued by 'Nervine'

A Few Drops Bring Relief

The wonderful relief you get from twenty drops of Nervine will surprise you. Take it in sweetened water, and almost immediately you feel better. Nervine brings up the gas caused by fermenting food, and relieves that distressed feeling in the stomach. When cold or cramps strike you at night, Nervine is a sure relief. For general use in the family, for emergency, always keep trusty Nervine on hand. 35c at all dealers.

### Country Need Help

A visitor at the Capitol in Washington was accompanied by his small son. The little boy watched from the gallery when the House came to order. "Why did the minister pay for all these men, pap?" he questioned. "He didn't," he looked "them" over and prayed for the country. "This was the reply,"—Capper's Weekly.

When Holloway's Corn Remover is applied to a corn it kills the roots and the callus comes out without injury to the flesh.

"Did you inform father you intended to marry me?" asked the girl with fluffy hair.

"Yes," answered the young man with large eye-glasses. "All he said was that he wasn't very well acquainted with me and he didn't see why I should tell him my troubles."

### Intense Pains in the Back

This remedy gave great relief

Recommends it to hundreds of people

Wm. Hollis, Birmingham, England, learned of Glen Pills in Montreal ten years ago. He suffered intense pains in the back caused by deranged kidneys. Glen Pills were recommended to him. He writes:

"I had great relief from kidney trouble after using Glen Pills. I have recommended them to hundreds of people in England and Scotland. I have given many Glen Pills to people troubled with their backs, and everyone who has given them the best of recommendations."

"Thanking you and Glen Pills for the relief given me and scores of others that I recommend them to."

### Four Vacancies in Senate

Deaths Occur of Two Senators in Ontario and Two in Quebec

Two senatorial vacancies occurred recently through the deaths of Senator George McHugh Lindsay, and Senator Richard Blain, Brampton. Both senators were representatives of Ontario in the Upper Chamber. The late Senator McHugh was a Liberal, while Senator Blain was a Conservative.

Four vacancies now exist in the red chamber. The other two are for the province of Quebec, brought about by the death this year of Senators H. L. David and Alfred Thibodeau.

Miller's Worm Powders will not only expel worms from the system but will induce healthy conditions of the system under which worms can no longer thrive. Worms keep a child in a continual state of restlessness and pain; and there can be no comfort for the little one until the cause of suffering be removed, which can be easily done by the use of these powders, which are very effective.

Even the peasant might enjoy the good things he has if he wasn't kept so busy grumbling about the disagreeable things he expects.

Keep Minard's Liniment in the house.

Probably no one is jumped on so quickly or so hard as the minister who happens to stray from the straight and narrow path.

### WARNING!

Beware of Counterfeits

There is only one genuine "ASPIRIN" tablet. If a tablet is offered as "ASPIRIN" and is not stamped with the "Bayer Cross" refuse it with contempt—it is not "ASPIRIN" at all! Don't take chances!

Accept only "Bayer" package which contains proven directions.

Handy "Bayer" boxes of 12 tablets.

Also bottles of 24 and 100—Druggists.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoclonal Aspirin. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoclonal Aspirin.

## U. G. G. WILL NOT SELL ELEVATORS TO POOL SYSTEM

Calgary.—That United Grain Growers, Ltd., will not sell out its elevator system to the three provincial wheat pools of Western Canada was the decision reached at the annual meeting by a majority estimated as more than 4 to 1, in a meeting of 350 delegates. The question had been brought before the delegates by a number of resolutions from locals of the company, some of them in favor of sale, while others expressed determined opposition. In addition, the directors submitted to the meeting a letter received a few days ago by which the boards of the three provincial pools, as a result of a joint meeting held in Winnipeg, notified the company that they were prepared to enter into negotiations for the purchase of all United Grain Growers' grain handling facilities, transfer to be completed in time for the handling of the 1927 crop. The resolution which was debated read as follows:

"That the meeting endorse the principle of selling United Grain Growers' grain handling facilities to the provincial wheat pools, and instruct the board of directors to continue negotiations with the pools and also lay the question before the shareholders in accordance with the requirements of our charter and by-laws, so that the transfer be effected in time to handle the 1927 crop."

An amendment to this resolution, submitted during the course of the debate, when it was apparent that the majority were opposed to selling, by which it was sought to endorse sale of all elevators instead of sale, was defeated even more decisively, being supported only by one or two votes.

## Italy Must Control Temper

France Does Not Take Kindly to Attacks on Legations

Paris.—Italy has been shown her temper, but not often nor too much, Foreign Minister Briand told the chamber of deputies. At the same time he gently warned that France does not take kindly to attacks on her legations in foreign countries, such as recently occurred in the border town of Ventimiglia after the recent attempted assassination of Premier Mussolini.

"Most of the foreign minister's discussion dealt with French relations with Germany. Discussing an eventual understanding with Germany, he said that only a real settlement of differences, so that they would stay settled, would make for permanent peace."

"Grave differences with Germany still exist," he said, "but at least we are talking with Dr. Stresemann (the German foreign minister) and every day marks progress."

## Given Trip Around World

Wealthy Californian Rewards Two Hotel Employees for Courtesy

Honolulu.—Because they were generous with their smiles and extended courteous treatment to travelers, Ernest Ching and Harry Nolan, employees of a Walkiki beach hotel, have departed on a trip around the world. The traveler, Charles D. Cline, wealthy Californian, took a fancy to the boys when they greeted him on his first trip to Honolulu.

Woman in Asylum Wins Lottery

Paris.—Mme. Lombard, a former housemaid, won the million franc (\$35,000) government lottery. When officials went to deliver the prize in the form of government bonds, they found Mme. Lombard to be an inmate of the Clermont insane asylum.

B.C. Fir for Montreal

Montreal.—The Duncan Lumber Company, Vancouver, is one of the successful tenderers for supplying timber to the harbor commission of Montreal. It is announced. The company is required to supply British Columbia fir.

A Six Pound Bean

Chapman, Kans.—A butter bean so large that a third of it made a full meal for two people was raised on the garden of Mrs. Mitchell Davis here. Mrs. Davis and her mother dined on the bean, which was 24 inches long and weighed six pounds.

Sir Joseph Pope Is Dead

Ottawa.—Sir Joseph Pope, former under-secretary of state in the Federal government and a distinguished figure in Canadian public life, died at his home here, aged 78 years. He had been ill only a short time.

W. N. U. 1658

## Crisis in France Over Unemployment

Rapid Recovery of Franc Forces Industries to Curtail

Paris.—Unemployment, which began to appear in a desultory manner in the Paris region just recently, is now taking on serious proportions, due to the crisis into which business has been put by the rapid recovery of the franc.

The automobile and allied industries appear to be suffering the most, especially the forges and foundries making the heavier parts. Many firms are fighting the conditions by shorter schedules or by laying off some of their men, but even more drastic steps must be taken if new orders fail to be received before long.

The problem is likely to take on an important social character if the business slump persists and even now many firms are planning to let all foreign workers go in order to keep Frenchmen employed as long as possible.

## Flax Prize Goes To Montana

Canada Loses Out by Narrow Margin At Chicago Show

Chicago.—Canada was nose out in the flax contest by a narrow margin at the International Flax and Grain Show. Although getting exactly half of the twelve places awarded, Canadian entries just failed to get into the blue ribbon class.

M. C. Trowell, Saltcoats, Sask., was third, trailing J. P. Paul, Union, Montana, the winner, and Lewis, Kuba, Plentywood, Mont., runner-up. Albert Schultz, Eureka, South Dakota, was fourth. Then came a solid phalanx of Canadian winners, taking three places in succession: J. P. Trowell, Saltcoats, Sask.; W. Catell, Furber, Sask., and J. W. Swaby, Prince Albert, Sask., took fifth, sixth and seventh in order; A. Loughhead, London, Alta., past winner, took tenth, and L. M. Foote, Ranier, Alta., trailed the field of prize winners.

## Spring Wheat Championship

William Darnborough of Laura, Sask., Wins Honors at Guelph

Guelph, Ont.—The championship in the spring wheat section of the seed grain show, held in connection with the Guelph winter fair, went to William Darnborough, of Laura, Sask. Darnborough also carried off the highest award in peas. Andrew Schmidt, Midway, Ont., was the winner in the field wheat class.

Darnborough's sheep, exhibits also were winners, and he was awarded the ribbon for the best Suffolk ram. The Shropshire ewe championship went to J. D. Whitehead, of Nutana, Sask.

## Ask League For Land

Group of Kabbalists Want to Re-build Solomon's Temple

Geneva.—A petition that the League of Nations request the Palestine Government to set aside a strip of land on Mount Moriah, Jerusalem, for the reconstruction of Solomon's temple has been tabled by the Permanent Mandates Commission here.

The petition emanated from a group of highly orthodox Kabbalists in Jerusalem, headed by Rabbi Ephraim.

Several petitions concerning Palestine, Syria, and Southwest Africa were considered by the commission.

Good Year for U. G. G.

Calgary.—Reports submitted to the twelfth annual meeting of the United Grain Growers Limited, in Calgary, stated that the past year's results had been the best in the history of the company, the net earnings, subject to taxation, being \$975,735. This was due to the large handling of grain through the company's elevators.

Deported to Canada

Washington.—Of the 10,904 aliens found to be unlawfully within the United States during the last fiscal year, 2,102 were deported to Canada. More than twenty thousand aliens were deported from entering the country, 15,809 of these being turned back at the Canadian border, according to official figures.

Manitoba Lithium Ore

Winnipeg.—With \$1,000,000 worth of lithium ore blocked out in the Point du Bois area on the Winnipeg river, about 90 miles north east of Winnipeg, the Silver Leaf Mining Syndicate (Canada) Limited, will start regular shipments to Bradford, England, this year, according to T. P. Ballam, secretary of the company.

Completes Air Ambulance

Friedrichshafen, Germany.—The German air service has just completed the first commercial air ambulance. It is a seven-passenger high-speed plane, the interior of which is equipped to facilitate disinfection.

## FERGUSON WINS IN ONTARIO LIQUOR POLICY

Toronto.—The Ferguson Government has emerged from the provincial elections with a clear majority of 37 over all opposition.

Every cabinet minister was elected with the exception only of Hon. David Jamieson, Minister without Portfolio, taken into the cabinet at dissolution who was defeated in Grey South by a 22-year-old farmer, Farquhar Oliver, nephew of Hon. John Oliver, premier of British Columbia. In his home constituency of Grenville, Premier Ferguson was elected by the handsome majority of 1,334, though this was surpassed by the 2,313 majority of the Liberal leader, Mr. Sinclair, in Ontario South. Mr. Rancey, the Progressive leader, had a hard fight in Prince Edward County, but finally won by 41 majority.

An outstanding feature of the election was the defeat in Kingston by over 2,000 majority of Hon. W. F. Nichol, attorney-general in the late government, who parted with Mr. Ferguson on his government policy and ran as a Prohibition candidate.

The verdict of the larger urban centres was solidly in favor of Ferguson's control, rather unexpectedly the entire Toronto representation lining up on that side, as did the three Ottawa seats, the three Hamilton seats, the two London seats and two Windsor seats.

It is anticipated Premier Ferguson will shortly issue a statement, forecasting the early calling together of the newly elected legislature for the purpose of giving effect to his proposals for the government control of liquor, details of which have not yet been determined, and on which he has announced he desires to take the collective judgment of the House.

## Rush Work On H. B. Road

120 Men Engaged in Laying Rails on Uncompleted 92 Miles

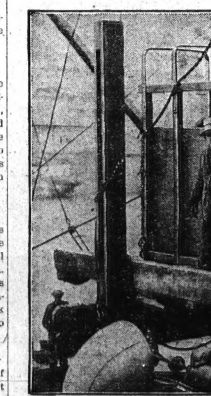

Saskatoon.—According to a special dispatch from The Pas to The Star, a gang of 120 men have commenced laying rails on the uncompleted 92 miles of the Hudson's Bay Railway. The approaches to the Kettle Rapids Bridge on the North side have been completed, and it is the plan to lay the rails to the Limestone River this winter if weather permits, so that footings for the Limestone bridge can be put in before spring.

In all 700 men are now at work on the railway. Two freight engines, the sort used for heavy main line traffic, are now in operation on the 214, and one trainload of supplies a day is moving up the line for construction.

Manitoba Rhodes Scholar

Winnipeg.—Ross McLean, Winnipeg, has been appointed Manitoba Rhodes scholar for 1926. Mr. McLean was born in Manitoba, matriculated from Brandon college in 1922, entered the University of Manitoba in 1922, and has been prominent in university circles for the past four years.

## French Cavalry Mounts In Canada

Six highly-trained horses, the pick of the French Cavalry and mounts for the three French officers who arrived on the Canadian Pacific liner Melita recently, were unloaded at the C.P.S. docks in Montreal from the Company's freighter, the Bollingbroke, and were shipped to Toronto where they were used by the French officers in exhibition riding at the Royal Agricultural Winter Fair, held at that city. The animals, which were unloaded at Antwerp, were in charge of special grooms throughout their ocean voyage.

## Director of Publicity

W. A. MacLeod, Commissioner of Publications for the Saskatchewan Government, who goes to Winnipeg as Director of Publicity for the inter-provincial Wheat Pool.

## U. F. A. Convention

Lesser Number of Resolutions to Come Before Annual Meet

Calgary.—There will be an unimpeachable shrinkage in the number of resolutions that will be presented at the forthcoming annual convention of the U. F. A., which opens at Edmonton January 18. This is owing to the farmers now having their own government. The U. F. A. convention is by no means now regarded as "the Farmers' Parliament." That phrase was thrown into disrepute after the agrarians actually assumed the reins of office in 1922.

The wheat pool also has had the effect of minimizing the number of resolutions sent to the U. F. A., as all those bearing on the grain business are now forwarded to the board of the pool for attention. At the present time not half a dozen resolutions have been received for presentation to the U. F. A. convention.

## Red Cross Plans Campaign

Funds Needed by Society to Carry on Work

Toronto.—With delegates from every province in the Dominion present at the 12th annual meeting of the central council of the Canadian Red Cross Society was held here. Red Cross campaigns were discussed for a financial campaign to be held next spring. It was stated that during the past six years \$550,000 had been spent by the Red Cross in various health activities in all the provinces and that funds were urgently required to continue this work.

Next of Pirates

Shanghai.—As a result of the piracy of the British steamer Sunning and the recovery of the ship, which was on fire, by the British gunboat Bluebell at Hongkong, British officials and shipping interests in the Far East are making a determined effort to enlist the assistance of the American and Japanese navies in a campaign to clean out the South China pirate nest located at Blas Bay, near Hongkong.

## Will Test Newest Wheat

Dominion Experimental Farms to Plant Reward Seed Next Spring

Ottawa.—Flax wizards at the Dominion experimental farms here have evolved a new variety of wheat, named Reward, which they say will supersede Marquis as Canada's premier wheat.

The new wheat, it is understood, ripens ten days earlier than Marquis and has proved resistant to rust. It gives greater yields an acre because of the heavier weight of the kernels. Reward grown at the experimental farm last summer averaged 65 pounds to the bushel. The new variety milks better than Garret, an early ripening wheat perfected recently at the farm producing a white flour similar to Marquis.

Plots of Reward wheat will be planted at the twenty-seven governmental experimental farms throughout Canada next spring to test its reactions to practical growing conditions in various soils and climates.

Millions of dollars in revenue have been put into the pockets of farmers of Canada and the United States. It is pointed out, through discoveries at the Dominion experimental farm, Marquis wheat, which is the staple variety of both countries and which has won world championships many times in interregional competition, was evolved at the farm.

## Western Horses Win

Clydesdale Stallion From Reston, Man., Is Winner at Guelph Fair

Guelph, Ont.—The Clydesdale horses which came out before the judges at the Guelph Winter Fair, made a showing never equaled before at Guelph and very seldom equaled at any show in the Dominion. Arnprior Emigrant, owned by the Reston Agricultural Syndicate of Reston, Man., a stallion which carried off the grand championship award at the Royal Winter Fair, headed the male classes here with Fride Star, the property of W. J. McCallum, of Brampton, and Regina, winning the junior championship.

Westerners had a walkover in Percherons with Carl Roberts, of Horne, Man., winning champion stallion on Monarch.

## Canada's Rosy Future

Hon. T. A. Crerar Looks for Big Development in Next Twenty-Five Years

Calgary.—Development of Canada during the past 50 years forms a romance unequalled in the history of the world but what has been done is only the commencement, said Hon. T. A. Crerar, president of the United Grain Growers, at a banquet tendered by the board of trade to some 400 delegates to the annual meeting.

No country in the world, continued Mr. Crerar, is to see the development in the next 25 years that Canada will see. The delegates were welcomed on behalf of the city by Alderman Frank Freeze and J. B. Suderland, on behalf of the board of trade.

## WOULD PUT AN EXPORT TAX ON CANADIAN WHEAT

Winnipeg.—Tough wheat is not affecting the grade of flour, although it has increased the cost of milling stated W. A. Black, vice-president of the Ogilvie Flour Milling Company, Montreal, who visited Winnipeg recently.

The farmer he maintained, was not suffering through the degrading of the wheat to the extent that might be expected. While there was a difference of about eight cents between the price for the tough wheat and straight grades, the surplus moisture was being paid for by the miller, who was compelled to meet the extra cost of the drying operations. There was much greater chance of loss to farmers through moisture in coarse grains than wheat, Mr. Black said.

Export of Canadian flour had decreased in the last few years, due to the tariff wall put up by foreign countries against the manufactured product. Mr. Black declared that when a foreign country discriminated against flour by putting a heavier duty on wheat, Canada should retaliate with an export tax.

The farmer was not a steady customer, Siberia and Australia could sell a crop possessing a greater ratio of starch to the gluten, which served the Oriental better than Canadian flour.

Canada sold a large volume of spring wheat flour to the manufacture of macaroni, which Mr. Black said was becoming an important industry in Canada.

## EMPIRE DEFENCE SPEECHES MADE AT CONFERENCE

London.—Speeches delivered by Premier Stanley Baldwin, Premier Mackenzie King of Canada, Premier Bruce of Australia, Premier J. G. Coates of New Zealand, Premier W. S. Monroe of Newfoundland, Hon. N. C. Havenga, South African Minister of Finance, and Maharajah Dhiraj Bahadur of Baroda, Indian delegate at the Imperial Conference, on the subject of Imperial defence have been issued.

In his address Premier Mackenzie King expressed appreciation of the service demonstrations viewed by the Dominion Premiers, adding that they indicated the need for all parts of the Empire to keep abreast of defence developments. The remainder of his speech dealt mainly with Dominion defence organization.

Premier Baldwin at the outset stressed the rigid adherence of the successive governments to the advisory and consultative character of the committee on Imperial defence, and the elasticity of the membership thereof to enable the Dominions and India to take advantage of the facilities of the committee to any extent they desired. The speaker said, "I modify or reject his advice, he said."

Mr. Baldwin mentioned that there were 50 sub-committees dealing with the co-ordination of the fighting services and the auxiliary work of the civil departments and the whole of this work was co-ordinated by the committee on Imperial defence. He said he hoped the Dominions and India would avail themselves of the advantages of the recently established Imperial Conference defence college.

Referring to the Singapore naval base scheme, Premier Baldwin stated that the present program of work was limited to what would be essential to enable the utilization of the flotilla dock after its arrival. The government had recently decided to adopt the reduced scheme advanced by the admiralty, the Premier said. Nevertheless the expenditure would be of the heaviest kind, even after allowing for reduction in the original admiralty scheme.—Post.

## Says France Setting Trap For Britain

London Paper Comments on Coming Disarmament Parley at Geneva

London.—France is trying to trick Great Britain into paying for Europe's future wars, with the same argument "we fight-you pay," that is used against the settlement of the American war debt, according to Lord Beaverbrook's Sunday Express. Declaring a trap is being set for Great Britain at Geneva, the Express raises an outcry against Great Britain's accepting the proposals which will be submitted by the delegates of France, Poland and Finland before the League of Nations committee on disarmament.

The proposals are contained in a memorandum made by the French delegate and backed by France and Poland which would establish a common war chest in which Great Britain would contribute three times as much as any other league member says the Express.

It adds that this means, bluntly, that if Great Britain wishes France and its European allies to disarm, Great Britain must pay for it and undertake a second time to finance their wars. It is pointed out that France has a majority in the league committee and thus would be enabled to vote Great Britain on subsequent questions regarding the disposal of the war chest funds.

## Prediction Of German Astrologist

Says Next Year Will See End of Bolshevism

Strasbourg.—There has just been published here the prediction of 1927 of the German astrologist Dadevsky, who foretold the death of President Ebert and Hugo Stinnes.

Next year will be revolutionary in character, he said. Bolshevism will come to an end, the Danzig Corridor will be suppressed, high officials of European countries will be the object of attacks and a tidal wave of unprecedented proportions will devastate parts of France and England.

El Paso, Texas.—Father Mariano Guerrero, in charge of Catholic churches at Yleta, San Jose, and San Juan, El Paso County communities, has been threatened by leaders by Mexican Federal authorities. He is charged with "practicing religion."

**ELKS CELEBRATE****MEMORIAL DAY**The first Sunday in December was  
very fittingly observed by the local  
Lodge of Elks as Memorial Day,  
when appropriate services were con-  
ducted in the lodge room during the  
afternoon.At 3.30, a large congregation had  
assembled in the hall and the services  
opened with a selection, "Trauerlied,"  
(Schumann) by the combined Upton  
and Hillcrest amateur orchestras. Next  
followed the Memorial Ritual, in which  
the leading officers of the lodge took  
part. During the ritual, the "Roll  
Call" found three names unanswered,  
those of the late Brothers H. J.  
Benson, D. F. Fleming and L. Dutil,  
who have passed on within the brief  
space of time since the institution of  
Blairmore Lodge. Very fitting refer-  
ence was made and a glowing trib-  
ute paid to all three by the exalted  
ruler, Bro. J. E. Gillis.Following the singing of the open-  
ing ode and invocation by Rev. A. D.  
Currie, a solo, entitled, "Fear Not  
Ye, O Israel," was beautifully ren-  
dered by Mrs. J. A. Kerr.The memorial address was deliv-  
ered by the Rev. W. T. Young, and was  
one of the ablest discourses ever  
heard in the district."Ave Maria" was fittingly sung by  
Mrs. L. L. Morgan.Exalted Ruler Gillis recited "Than-  
atopsis," followed by a solo by Bro.  
J. R. Gresham, entitled "One Sweetly  
Solemn Thought," and "Chapin's Fun-  
eral March" by the orchestra.The various soloists were accom-  
panied on the piano by Miss McKill  
and Mrs. Bond.Closing ceremonies were conducted  
by the officers of the lodge and the  
National Anthem was sung, closing  
with benediction pronounced by Rev.  
A. D. Currie.The service was most impressive  
and will long be remembered.A small Blairmore boy went to  
school for the first time. He came  
home and was questioned as to his  
experience. "Nothing much happen-  
ed," he said. "There was a woman  
there who wanted to know how to  
spell cat and I told her."Mr. and Mrs. Frank Wheatley and  
family have taken up residence at  
1826 Eleventh Avenue West, Calgary.**HOCKEY SEASON OPENS****WITH GAME ON WEDNESDAY**The opening hockey game of the  
season will be played on the Blair-  
more Arena on Wednesday night of  
next week, at 8 o'clock, between the  
Coleman Tigers and Blairmore Elks  
(senior).Come out and size up what Cole-  
man and Blairmore have to offer us  
for this season.A special meeting of the executive  
of the Blairmore Board of Trade was  
held at the office of the Crows' Nest  
Pass Motors on Thursday afternoon  
last, at which a resolution was passed,  
directing attention of the provincial  
department of public works to the  
urgent necessity of keeping the  
main highway open during the winter  
months between Bellevue and Cole-  
man. Other matters were dealt with  
by Mr. L. L. Morgan, as president, and  
Mr. W. W. Scott, as secretary, pre-  
sided. Mr. Scott was appointed to the  
dual position of secretary-treasurer,  
filling the vacancy of treasurer  
caused through the resignation of  
W. A. Henderson. The executive  
learned with regret of the proposed  
departure of Mr. Harry Burns, who  
during the past few years has been a  
valuable acquisition to the board.At the annual meeting of the  
Crows' Nest Pass Amateur Hockey  
Association held last week, Eddie Mc-  
Donald was elected president and Mr.  
M. G. Rhynas secretary. Messrs.  
Chappell and Ritchie were selected to  
draft the schedule for the four teams  
—Bellevue, Coleman, Lethbridge and  
Blairmore. The season will open  
about December the 20th, and the  
resident date was set at December  
10th. Bellevue will be able to com-  
pete for provincial honors.The dope charges against a num-  
ber of local celebrities are being heard  
at the court house today before  
Magistrate Thomas H. Stedman, of  
Macleod. Mrs. Perry, of Fernie, is  
acting as court stenographer, in the  
absence of her husband, who is on a  
business visit to the Pacific coast.A young man named David Tuttle  
was sentenced at Bassano to serve  
eighteen months in jail for the theft  
of \$142 in cash and cheques from the  
C.P.R. depot at Patricia.**F. M. THOMPSON CO. AN-****NOUNCE CHRISTMAS SALE**Bills were issued from the job de-  
partment of The Blairmore Enter-  
prise yesterday, announcing a great  
Christmas Season Sale to be staged  
by the F. M. Thompson Co., com-  
mencing Saturday next and to con-  
tinue till the end of the year. See  
bills for further particulars.On the homeward trip of the Cow-  
ley and Pincher Creek Oddfellows on  
Monday night of last week, accord-  
ing to the Pincher Creek Echo, all  
made a clean home run, except Harry  
Clements, who "stopped at all three  
bases—once for gas, once for oil, and  
once for the break of a day." Through  
the excitement that prevailed that  
night we were unable to get the pro-  
gramme in complete form as render-  
ed for the entertainment of the Pass  
members. Here it is: Chairman, Bro.  
A. L. Freebairn; opening chorus,  
"Pack up Your Troubles" Solo, Bro.  
McMurdo; reading, Bro. J. B. Miller;  
step dance, Bro. H. Sciotte; duet,  
Bros. MacMurdo and Taysum; recita-  
tion, Bro. Mowat; "Oldtimer," Bro.  
A. Dempster; recitation, Bro. W. A.  
Fraser; song, Bro. H. Clements; ad-  
dress, Bro. W. E. Tustian; remarks  
on lodge, Bro. Watson; song, Bro. Cas-  
sey; solo, Thos. Yates; 1.30 a.m.,  
"Auld Lang Syne."Rev. P. J. N. Cosman returned from  
Vulcan last week end and after  
spending several days here with Rev.  
Father Killen, who is relieving Rev.  
Father Harrington, Father Cosman  
left by motor last evening enroute to  
Spokane. Owing to impaired health,  
Father Cosman has been obliged to  
give up his ecclesiastical duties for a  
while and seek rest. After a short  
stay in Spokane, the reverend gen-  
tleman will likely take a trip from  
San Francisco to New York and No-  
va Scotia, via the Panama Canal  
route.W. H. Evans, manager of the Cal-  
gary hockey club, advises that the  
player on the New York Rangers  
lineup under the name of Rocco is  
none other than Oliver Reinkka,  
Cannore youth, who made good good  
with the Vancouver Maroons last  
winter. Reinkka was a former mem-  
ber of the Blairmore Senior Amate-  
urs.**DEATH OF W. J. YEO**Word was received here on Monday  
of the death at Lamont, Alberta, of  
William John Yeo, the popular presi-  
dent of the firm of W. J. Yeo & Co.,  
after a short illness.Mr. Yeo was very well known  
throughout this territory, paying fre-  
quent visits here in the interest of  
his firm. He was a native of Prince  
Edward Island and came to Western  
Canada about fourteen years ago.Funeral took place at Calgary on  
Tuesday afternoon and was very  
largely attended.Mr. Yeo leaves a young wife, re-  
siding at 809 Fourteenth Avenue  
West, Calgary.**UNITED GRAIN GROWERS, LTD.**

SEND \$500 TO COLEMAN

A check for the sum of \$500 has  
been forwarded by the United Grain  
Growers, Limited, Calgary, to the re-  
lief fund being subscribed under the  
supervision of the Order of Moose in  
aid of miners in the McGillivray  
Creek area stricken by the recent  
mine disaster. The request for a  
contribution was brought before the  
350 shareholders of the company  
last week, and instructions were given  
for the directors to forward the  
above contribution.A travelling man got into a con-  
troversy with one of the phone girls  
in Atlantic City, and while somewhat  
excited told the young lady to "Just  
keep her shirt on." The manager of  
the exchange went to the gentleman  
and told him he had better apologize.  
He rang central and asked: "Are you  
the young lady I told to keep her  
shirt on?" "I sure am," she snapped  
back. "Well it's alright with me;  
you can take it off if you want to,"  
was his apology.Hockey players, fans and skaters  
in Macleod will have to be content  
with an open air rink again this win-  
ter. Ernie Ringland, noted ice-  
man, is now building the rink with an  
ice area of 80 by 180 feet.—Calgary Al-  
bertan.Jimmy Evans, former Coleman  
hockey star, is making good with the  
Edmonton Eskimos, and in a recent  
game against the Saskatoon Sheiks  
scored a goal to break a five-five tie.
